By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <u>https://www.cde.ca.gov/ta/ac/sa/</u>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <u>https://www.cde.ca.gov/fg/aa/lc/</u>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <u>https://dq.cde.ca.gov/dataquest/</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **California School Dashboard**

The California School Dashboard (Dashboard) <u>https://www.caschooldashboard.org/</u> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Table 3: School Description and Mission Statement (School Year 2021–2022)

Launched in Fall 2015, Clear Passage Educational Center (CPEC) is a WASC accredited independent study (site-based) charter school using an innovative educational model to support high needs students in grades 9-12.

A Dashboard Alternative School Status (DASS) program, CPEC offers a nurturing yet challenging alternate learning environment for teens who have dropped out of school or are in jeopardy of doing so. Servicing students in Long Beach and its surrounding communities, CPEC's educational program focuses on the unique strengths and needs of each student. Our blended instructional model allows student access to critical educational resources and our flexible scheduling affords students the opportunity to engage in online and on-site learning activities.

CPEC delivers a personalized learning experience for each student. Individualized learning plans (based on each student's strengths and needs) are developed in collaboration with parents and students and reviewed by the lead teacher and student each week. Flexible scheduling affords students greater access to instructors and resources to accomplish their academic goals. Student Success Team meetings, parent conferences and IEP meetings (for students with special needs) are forums that are used to review student progress and recommend adjustments. Our advisory and counseling programs provide a platform for managing student behavior and supporting the development of their social-emotional skills and connections to other students.

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

 Table 6: Teacher Preparation and Placement (School Year 2019–2020)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### Table 11: School Facility Conditions and Planned Improvements

Maintaining a clean, safe, and orderly campus environment that is characterized by trust, professionalism and high expectations is one of the school's critical success factors.

Given the COVID-19 pandemic and Stay-At-Home (Social Distancing) order, student and staff access to Clear Passage Educational Center's (CPEC) campus and computer center remained suspended during the 2020-21 school year. As part of CPEC's safety initiative, CPEC's COVID-19 Safety Plan was distributed to all stakeholders.

In addition, CPEC's leadership will continue to implement site-based measures including the following:

- Monitoring of the campus on a continual basis by custodial staff.

- Encouraging students to participate in maintaining a clean and sanitary learning environment.

- Maintaining a continual security presence on campus during school hours.

- Implementing a progressive discipline plan that supports a clean and safe school environment.

# **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- SARC Reporting in the 2020–2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- o Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.
- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
  - Smarter Balanced ELA and mathematics summative assessments;

- o Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

### Table 21: Career Technical Education Programs (School Year 2020–2021)

CPEC implements a blended learning model that supports instructional staff in addressing student differences in learning modalities, cognitive ability and life experiences that impact student learning.

CPEC's curriculum focuses on courses covering core knowledge and A-G requirements to ensure that students receive a strong foundation of expected skills. CPEC's curriculum also provides students the opportunity to select elective courses that expose students to various career clusters that include Science, Social Science/Humanities, Law, Visual Arts and Health Science.

CPEC's College Partnership Program allows students to connect virtually to a network of local area universities and community colleges and interact with institutional staff, students and alums. This platform allows our students to explore their post-secondary career aspirations.

### Table 25: Opportunities for Parental Involvement (School Year 2021–2022)

Clear Passage utilizes various outreach devices to establish and strengthen relationships with parents. Given the COVID-19 pandemic and CPEC's School Safety Plan, remote and in-person parent touchpoints are implemented as follows:

- Orientation: New families learn about the mission and vision of the school, the educational approach, and expectations for parent participation.

- Parent/Student/Teacher Conferences: Teachers connect with students and their parents to discuss the student's academic progress and social development.

- Goal Setting Conferences: Goal setting conferences provide parents and students the opportunity to participate in establishing the student's educational master plan.

- Student Success Team Conferences: The school has established a Student Success Team (SST) process which is comprised of parents, teachers, administrators, and other school professionals.

-Articulation sessions are facilitated with local institutions and local agencies.

-Ongoing touchpoints are facilitated with local high schools and colleges.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

### Table 42: Types of Services Funded (Fiscal Year 2020–2021)

CPEC utilizes funds from the State and Federal government to meet the diverse academic and socio-emotional needs of our students. Funds are used to pay for the school's curriculum, computer lab, supplemental instructional materials and services, instructional software, and professional development, etc. Given the COVID-19 pandemic and Stay-At-Home (Social Distancing) order these funds are critical in sustaining a virtual learning environment and quality instructional program.

### Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
